

MEAL CHARGES

In accordance with state and federal law, the Denison Community School District adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals

Students have use of a meal account. When the balance reaches \$0.00 a student may charge no more than \$20 to this account. When an account reaches this limit, a student shall not be allowed to charge further meals or a la carte items until the negative account balance is paid. Families may add money to student accounts via electronic payment options found on the Denison Community School website or pay at the school office of any building.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt shall be allowed to purchase a meal if the student pays for the meal when it is received. The school district may provide an alternate meal that meets federal and state requirements to students who have charged the maximum allowance to the student account and cannot pay out of pocket for a meal.

Employees may use an account for meals. All meals and/or a la carte items are to be prepaid in advance. When an account does not have a positive balance, an employee shall not be allowed to charge meals or a la carte items until there is a positive balance in the account to cover the cost.

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. Families will be notified of an outstanding negative balance once the negative balance reaches any negative balance. Families will be notified by automated calling system and/or letters sent home. Negative balances of more than \$20 not paid prior to the end of the school year will be turned over to the superintendent or superintendent's designee for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law.

Communication of the Policy

The policy and supporting information regarding meal charges shall be provided in writing to:

- All households at or before the start of each school year;
- Students and families who transfer into the district, at time of transfer; and
- All staff responsible for enforcing any aspect of the policy.

Records of how and when the policy and supporting information was communicated to households and staff will be retained.

The superintendent or superintendent's designee may develop an administrative process to implement this policy.
